

Welcome to the website of the 'Zwolle International Cup'.

This tournament will be played for the 9th time this year and is organized by Be Quick '28 and vv Berkum. For that reason we would like to introduce these clubs to you.

Be Quick '28 is a club with over 900 members, playing some 40 football teams. The percentage of members playing football versus not playing is rather high (75-80%). After year's of playing in the Dutch 'Hoofdklasse' (the 5th Dutch football level), which they won in 2001, the first team of the club has degraded to the 2nd class (the 7th Dutch football level). After returning for 1 year to the 1st class (the 6nd Dutch football level), the team again plays in the 2nd class this year.

The first female team is playing in the Topclass, which is the 2nd football level in the Netherlands. Also the youth teams of Be Quick '28 play at a rather high level.

vv Berkum has been founded in 1961 and grown since from a small village club to a prominent football club in the Zwolle region. At its football park 'De Vegtlust' (translated as 'the fighting spirit') the club has two artificial grass pitches and 2 regular pitches (next to a mini arena) on which some 64 teams play their matches. The club also has ladies and girls football, men and boys and special football (for disabled people). The club has some 1.200 members and the first team plays the Dutch 'Hoofdklasse'.

Berkum stands for connecting performance and pleasure and it is an innovative club to its members and visitors.
